A clean car is important in winter

Business brisk on Christmas Eve at car wash

WEST SPRINGFIELD, Mass. (WWLP) - The weather certainly cooperated with last minute shopping Christmas Eve, but it also worked well for other "must-do" activities.

Cars were lining up at the FL Roberts Car Wash on Memorial Avenue in West Springfield Friday morning and afternoon.

Getting the salt and road dirt off your car's finish is crucial to preventing corrosion, but it was more than maintenance that had these people going through the car wash.

"I want to bring in the new holiday with a new fresh truck; my present to myself. So I want to make sure it's all nice and clean, inside and out," Myrick White of Springfield said.

DMV.org recommends not only that you wash your car or truck frequently in wintertime, but that you also have your car re-waxed and sealed.
